.....

Jayne and Martha, I had to make an ftp file that includes the 2013 Oregon Nonpoint Source Pollution Program Annual Report. The report is in:

<ftp://deqftp2.deq.state.or.us/dyon/Finaldraft2013NonpointSourceAnnualReportStaffEdits42114.zip>.
See the rest of the email below as I attempted to send without an ftp file. Don

I appreciate our telephone conversations today. Jayne, as I understand you are the EPA R10 NPS coordinator whom includes working with EPA HQ on the NPS programs within Region 10.

Martha, as I heard you, you will be the 319 Grant Coordinator for Oregon. This includes working with Ivan Camacho on the 319 Grant program. You will also work with me on the review, comment, and approval of Oregon's NPS annual reports and the five year update of Oregon's Nonpoint Source Management Program Plan.

As recommended by Rick Seaborne, Ex. 6 - Personal Privacy we understand that the annual report had first priority for completion. This was to ensure Oregon receives EPA R10 approval in order to receive EPA 319 Grant dollars as soon as possible.

Second priority was for Oregon to submit the Oregon Nonpoint Source Management Program Plan as required. Oregon has submitted the draft NPS plan for review and comment to state and federal stakeholders. The deadline for submittal of comments was last week on April 16, 2014. Oregon has received comments from the United States Bureau of Land Management, Oregon Department of Agriculture, Oregon Department of Forestry, Oregon Watershed Enhancement Board, and from the Oregon Department of Land Conservation and Development. We plan to submit the final draft of the plan to you by next week.

Most importantly today, we are submitting the **2013 Oregon Nonpoint Source Pollution Program Annual Report** for your approval to receive Oregon's 319 grant dollars.

If you have any questions please give me or Ivan Camacho a call. My telephone numbers are:

Work – 503-229-6850 and Cell – Ex. 6 - Personal Privacy. Ivan's work number is 503-229-5088.

Thanks, Don

Don Yon
